Kansas Arts Commission

Notice of Meeting

The Kansas Diversity Task Force of the Kansas Arts Commission will meet from 12:30 p.m. to 2:30 p.m. on Friday, August 10, in the conference room of the Lawrence Public Library, 707 Vermont, Lawrence.

The primary purpose of this task force meeting is to identify and compile a list of existing organizations and resources that serve minorities and minority artists in Kansas, for the benefit of artists and for organizations seeking to expand the cultural diversity of their own programs and services.

This is one of several task forces established by the commission to continue research and assessment of needs in several key areas identified during the commission's long-range planning process. The task forces can propose ways in which the state arts agency can affect those needs through programs, services and funding.

Meetings of the Kansas Arts Commission and of its advisory panels and task forces are open to public observation.

Requests for information about this or other programs may be directed to the Kansas Arts Commission, Jayhawk Tower, 700 Jackson, Suite 1004, Topeka 66603-3714; (913) 296-3335.

Schools—Capital Outlay Levy, Fund and Bonds—Capital Outlay Levy, Use of Proceeds; Procedure; Constitutionality. Dr. Michael G. Barricklow, Superintendent, Silver Lake Unified School District No. 372, Silver Lake, July 3, 1990.

The Kansas system for financing capital outlays does not operate to the disadvantage of a suspect class or impinge on a fundamental right. Because the system has a rational relationship with the state objective of promoting local control over educational matters, the system does not violate the equal protection clause of the fourteenth amendment to the United States Constitution or sections 1 & 2 of the Kansas Bill of Rights. The system does not violate article 6 of the Kansas Constitution as the article does not require equalization of funding or prohibit funding based on the assessment value of taxable tangible property located within the school district. State Boards, Commissions and Authorities—Parimutuel Racing—Executive Director; Appointment Under 1990 Senate Bill No. 428. Representative Debara Schauf, Eighty-First District, Mulvane, July 3, 1990.

The executive director of the racing commission, as of July 1, 1990, serves at the pleasure of the commission and, absent violation of a protected liberty interest, may be removed at the pleasure of the commission. If the commission chooses to replace the current director, he may continue in office (as long as he remains qualified) until a permanent replacement is found, or the commission may replace him with an acting director who meets the statutory qualifications. In the latter event the commission should make its best effort to appoint a permanent, qualified director prior to adjournment of the 1991 legislature so that the senate may act to confirm or reject such appointee. Notice of Hearing on Proposed Administrative Regulation

A public hearing will be conducted at 9 a.m. Monday, August 20, in the SRS board room, sixth floor, Docking State Office Building, 915 Harrison, Topeka, to consider the adoption of proposed changes in an existing rule and regulation on a temporary basis.

This 30-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written comments on the proposed regulation. Comments may be submitted prior to the hearing to the Acting Secretary of Social and Rehabilitation Services, Room 603-N, Docking State Office Building, 915 Harrison, Topeka 66612. All interested parties will be given a reasonable opportunity to present their views orally on the adoption of the proposed regulation during the hearing. In order to give all parties an opportunity to present their views, it may be necessary to request each participant to limit any oral presentation to five minutes.

The temporary regulation is proposed for adoption and is scheduled to become effective August 30, 1990. A summary of the proposed regulation and the economic impact follows.

Article 4.—PUBLIC ASSISTANCE PROGRAM

30-4-101. Standards for persons in own home, other amily home, specialized living, commercial board and room, or commercial room-only living arrangements. This regulation is being amended to readopt on a temporary basis the provision which reduced the standards in the ADC program by \$9 per person. This reduction continues to be necessary due to budgetary shortfalls.

Economic Impact: Estimated cost savings of \$8,775,000

(\$3,773,250 state general funds).

A copy of the regulation and the economic impact statement may be obtained from the Office of Policy, Room 606-N, Docking State Office Building, Topeka 66612, (913) 296-3969.

The public is invited to this meeting.

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 28-16-63 and the authority vested with the state by the administrator of the U.S. Environmental Protection Agency, tentative permits have been prepared for discharges to the waters of the United States and the state of Kansas for the applicants described below. The tentative determinations for permit content are based on preliminary limitations of the state of Kansas and the EPA, and will, when issued, result in a State Water Pollution Control Permit and National Pollutant Discharge Elimination System Authorization to Discharge subject to certain effluent limitations and special conditions.

Kansas Permit No: I-KS31-P008 Federal Permit No: KS-0116114

Description of Facility: This facility is engaged in quarrying and the crushing of limestone. The proposed permit modification would allow washing the crushed limestone. All wash water is to be recycled. This is an existing facility and the previous limitations are continued. Proposed effluent limitations are pursuant to Kansas Surface Water Quality Standards, KAR 28-16-28(b-f).

Written comments on the proposed determinations may be submitted to Bethel Spotts, permit clerk, KDHE, Division of Environment, Bureau of Water, Forbes Field, Topeka 66620. All comments received prior to August 17, 1990, will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate application number (KS-90-62) and the name of the applicant as listed when preparing comments.

If no objections are received, the Secretary of Health and Environment will issue the final determinations. If response to this notice indicates significant public interest, a public hearing may be held in conformance with state

regulation 28-16-61.

The application, proposed permit, including proposed effluent limitations and special conditions, fact sheets as appropriate, comments received, and other information are on file and may be inspected at the letterhead address. Division of Environment offices are open from 8 a.m. to 4:30 p.m., Monday through Friday. The documents are available upon request at the copying cost assessed by KDHE. Additional copies of this public notice may be obtained at the Division of Environment.

Department of Health and Environment

Notice Concerning Variance Request from Hazardous Waste Regulations

The Kansas Department of Health and Environment is providing public notice that on January 15, 1990, Air Products and Chemicals, Inc. located at 6601 South Ridge Road, Wichita, submitted a request for a variance from specific hazardous waste regulations. The request for a variance was submitted in accordance with K.A.R. 28-31-13(a).

The variance was requested from K.A.R. 28-31-8, 40 CFR 265.192 and 40 CFR 265.193 which require that all new hazardous waste tanks be constructed so that they meet minimum integrity and secondary containment requirements.

Air Products and Chemicals, Inc. generates ignitable hazardous waste which is referred to as PACM waste. This hazardous waste is shipped off-site for disposal. Air Products proposed to temporarily store this waste in an existing storage Tank IS-3410 in their production facility for shipment until production process changes would eliminate the need for the tank. Air Products requested a variance from the above regulations until the tank was no longer needed.

In a reassessment by Air Products, Tank IS-3410 is not used as a hazardous waste storage tank but is used as a process tank to cool the PACM material and provide for closed-loop reuse. Only if the PACM material can not be recycled is the waste transferred to a truck for off-site disposal. KDHE has reviewed and agrees that this tank is not a hazardous waste storage tank subject to the regulations requiring minimum integrity and secondary containment.

In accordance with K.A.R. 28-31-13(b), public notice was provided that KDHE considered the request for a variance justified. A public comment period to receive comments regarding this tentative decision was established between May 24 and June 22, 1990. Air Products submitted their reassessment on June 19, 1990.

Therefore, in accordance with K.A.R. 28-31-13(b), KDHE announces its decision to deny this request for a variance because the need for a variance is not necessary.

Notice Concerning Kansas Water Pollution Control Permits

In accordance with state regulations 28-16-57 through 63 and 28-18-1 through 4, and the authority vested with the state by the administrator of the U.S. Environmental

Protection Agency, tentative permits have been prepared for the water pollution abatement facilities for the feedlots described below. The tentative determinations for permit content are based on preliminary staff review, applying the appropriate standards and regulations, of the state of Kansas and the EPA. The permit requires control of any existing or potential discharges to achieve the goal of "no discharge" whenever possible. The permit upon issuance will constitute a State Water Pollution Control and National Pollutant Discharge Elimination System Permit.

Doc. No. 009488

(Published in the Kansas Register, July 19, 1990.)

, Notice of Bond Sale \$630,000 City of Pittsburg, Kansas General Obligation Bonds Series 1990-B

Sealed Bids

Sealed bids for the purchase of \$630,000 principal amount of general obligation bonds, series 1990-B of the city hereinafter described, will be received by the undersigned, city clerk of the city of Pittsburg on behalf of the governing body of the city at City Hall, 4th and Pine, Pittsburg, KS until 5 p.m. C.D.T. on Thursday, July 26, 1990. All bids will be publicly opened and read and will be acted upon by the city at 5 p.m. on Thursday, July 26, 1990. No oral or auction bids will be considered.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000, or any integral multiple thereof. The bonds will be dated August 1, 1990 and will become due serially on September 1 in the years as follows:

Year	Principal Amount
1991	\$40,000
1992	\$50,000
1993	\$50,000
1994	\$55,000
1995	\$60,000
1996	\$65,000
1997	\$70,000
1998	\$75,000
1999	\$80,000
2000	\$85,000

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on March 1, 1991.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier re-

demption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the fifteenth day (whether or not a business day) of the calendar month next preceding such interest payment date.

The city will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar,

will be the responsibility of the bondholders.

Redemption of Bonds Prior to Maturity

At the option of the city, bonds maturing on September 1, 1999, and thereafter will be subject to redemption and payment prior to maturity on September 1, 1998, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the redemption date, without premium.

Whenever the city is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination.

nation of \$5,000.

If the city shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent will notify the owners of the bonds of the city's redemption call. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of ½ of 1 percent. No interest rate shall exceed the index of treasury bonds published by the weekly MuniWeek f/k/a Credit Markets in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the

total interest cost to the city during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the city on the basis of such bid. Each bid shall also specify the average annual net interest rate to the city on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (Initial Reoffering Prices).

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the city, which will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the city. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the city shall determine which bid, if any, shall be accepted, and its determination shall be final.

Authorization, Purpose and Security for the Bonds

The Bonds are being authorized and issued to permanently finance various internal improvements to the city. The bonds will be general obligations of the city payable as to both principal and interest from ad valorem taxes which may be levied without limitation upon all the taxable tangible property, real and personal, within the territorial limits of the city.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the city which must be met subsequent to the issuance of the bonds by the city and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The city's failure to comply with such requirements could adversely affect the taxexempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the city's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted net book income of certain corporations for taxable years beginning after December 31, 1986, and includes, through 1989, in the calculation of alternative minimum taxable income one-half of the excess of a corporation's adjusted net book income over its alternative minimum taxable income (determined without regard to this adjustment and prior to reduction for certain net operating losses). After 1989, the use of "book income" will be replaced by "adjusted current earnings," with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to .12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer

is subject to the alternative minimum tax. The environmental tax, which is effective for taxable years beginning after December 31, 1986, may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies, for taxable years beginning on or after January 1, 1987, to reduce the amount of their deductible underwriting losses by a percentage of the amount of taxexempt interest received or accrued on obligations ac-

quired after August 7, 1986.

With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds if such interest cost is incurred in taxable years ending after December 31, 1986, with respect to obligations acquired after August 7, 1986. The city does intend to designate the bonds as "qualified tax-exempt obligations" under Section 265 of the code.

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the city, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the city with the provisions of the ordinance authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is exempt from federal income taxation. Interest on the bonds will also be excluded from the computation of Kansas adjusted gross income for taxable years commencing after December 31, 1987.

Delivery and Payment

The city will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about August 14, 1990, at such bank or trust company in the state of Kansas or the greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the expense of the successful bidder. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the city. The denominations of the bonds and the names, addresses and social security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the city and bond registrar no later than 4 p.m. C.D.T. on August 6, 1990. In the absence of such information, the city will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the city by 4 p.m. C.D.T. on August 6, 1990, a certificate acceptable to the city's bond counsel to the effect that (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that (1) it is made on the best knowledge, information and belief of the successful bidder and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the Initial Reoffering Prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United States of America in the amount of \$12,600 payable to the order of the city to secure the city from any loss resulting from the failure of the bidder to comply with the terms of its bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if its bid is not accepted. If a bid is accepted, said check shall be held by the city until the bidder shall have complied with all of the terms and conditions of this notice at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the city. If a bid is accepted but the city shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the city with the city reserving the right to pursue any consequential damages arising from such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the city.

Bid Forms

All bids must be made on forms which may be procured from the city clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The city reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned city clerk and marked "Proposal for the Purchase of General Obligation Bonds." Bids may be submitted by mail or delivered in person to the undersigned at city hall and must be received by the undersigned prior to 5 p.m. C.D.T. on Thursday, July 26, 1990.

Official Statement

Upon the sale of the bonds, the city will adopt an official statement in substantially the form as the preliminary official statement, subject to minor amendments and supplementation. Copies of the city's preliminary official statement relating to the bonds may be obtained from the city clerk or the city's financial advisor, George K. Baum & Company, 120 W. 12th Street, Kansas City, MO 64105 (816) 474-1100. Upon request, a reasonable number of copies of the official statement will be made available to the successful bidder without charge. Additional copies may be obtained at the expense of such bidder.

Assessed Valuation and Indebtedness

The total assessed valuation of the taxable tangible property (including motor vehicles) within the city as of July 1, 1990, is \$58,568,660. The total general obligation bonded indebtedness of the city as of the date of the bonds, including the bonds, is \$7,830,500, including, as of the date of the bonds, temporary notes outstanding in the principal amount of \$2,560,500, of which, \$760,500 will be retired out of the proceeds of the bonds herein offered for sale with the balance being payable from other legally available and unemcumbered funds of the city.

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap, or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of the affidavit will

be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bidapproval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerks or at the Department of Transportation district offices respon-

sible for the work.

Doc. No. 009497

State of Kansas **Department of Transportation** Notice to Consulting Engineers

The Department of Transportation is seeking qualified consultant engineers for engineering services for the following projects:

The Traffic Engineering Assistance Program has been developed to enable the Department of Transportation, utilizing 402 safety funds, to assist local political subdivisions requesting assistance, in solving traffic engineering operational and safety improvement type problems when they do not have the traffic engineering expertise available.

In order for the state to realize the highest possible benefit of funds allocated to highway safety, traffic engineering services provided to local governmental units can better be served by reviewing isolated problems or a spot analysis rather than comprehensive traffic studies. Traffic expertise can best be provided to local agencies on an individual project or spot analysis basis utilizing reputable consulting firms with expertise in planning, traffic and transportation engineering activities capable of analyzing the problem and developing a recommendation.

Consultants selected are to provide services for the Federal Fiscal Years 1991, 1992 and 1993 for three areas at a maximum of about \$35,000 per area per year. Area One will be bounded by the First and Fourth KDOT Districts; Area Two by the Second and Fifth KDOT Districts; and Area Three by the Third and Sixth KDOT Districts. Each area will be a separate project under the Traffic Engineering Assistance Program.

Firms expressing interest in these projects must respond in writing and complete the Consulting Engineers Qualification Questionnaire (if not already prequalified) by August 2, 1990.

It is the policy of KDOT to use the following criteria as the basis for selection of engineering consulting firms:

1. Size and professional qualification of firm.

2. Experience of staff.

3. Location of firm with respect to proposed project.

4. Work load of firm.

5. Firm's performance record.

Permanent Administrative Regulations

Article 1.—CERTIFICATE REGULATIONS

91-1-27b. Exemptions from precertification examination. (a) The precertification examination requirements set forth in K.A.R. 91-1-27a shall not apply if application is made for:

(1) A certificate with an endorsement or endorsements only in an area or areas that do not require the completion

of a state-approved teacher education program;

(2) a certificate issued with an endorsement which does not require student teaching as a prerequisite for classroom instruction;

(3) a certificate with a substitute teaching endorsement

(4) a nonrenewable certificate valid only through June 30 of the school year for which the certificate is issued. Each applicant seeking this certificate shall meet all other requirements for the issuance of an initial certificate to teach, and shall provide written verification from an administrator of an accredited or approved local education agency that the applicant will be employed if the certificate is issued.

(b) An initial certificate to teach shall be issued to each applicant for certification who has not taken and satisfac-

torily passed the precertification examination if:

(1) The applicant holds a certificate to teach that is valid in another state and that certificate was issued before May 1. 1986; and

(2) the certificate was issued under requirements for certification that are comparable to those required for certification in this state, other than examination.

(c) A two-year exchange certificate shall be issued to each applicant for certification who has not taken and satisfactorily passed the precertification examination if:

(1) The applicant holds a certificate to teach that is valid in a state which has been approved by the state board of education for an exchange certificate; and

(2) the certificate was issued under requirements that are comparable to those required for certification in this

state, other than examination.

(d) This regulation shall be effective on July 1, 1990. (Authorized by K.S.A. 72-1388; implementing K.S.A. 72-1396; effective May 1, 1986; amended March 13, 1989; amended Sept. 3, 1990.)

91-1-27c. Exchange certificate. Notwithstanding any other requirement for initial certification, any applicant for an initial Kansas teaching certificate, who holds a valid certificate with one or more full endorsements issued by a state which has been approved by the state board of education for exchange certificates, may be issued a twoyear certificate, if the applicant's endorsements are based on completion of a state-approved program in the other state. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 3, 1990.)

91-1-58. Substitute teaching certificate. A substitute teaching certificate may be issued to any applicant:

(1) who previously held a teaching certificate issued by the state of Kansas or another authority having substantially the same requirements for certification;

(2) who previously held a substitute teaching certificate and has completed five semester hours of recent college credit or has 100 recent inservice education points; or

- (3) who has a baccalaureate degree and has completed a state-approved teacher education program. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Jan. 8, 1982; amended May 1, 1983; amended May 1, 1985; amended May 1, 1987; amended July 1, 1989; amended Sept. 3, 1990.)
- 91-1-80. Pre-service professional education. (a) Each teacher education program which requires student teaching as a part of the program shall include a professional education component.
- (b) The professional education component shall include studies in foundations of education, methods and materials of teaching, interpersonal relations, multicultural education, equal educational opportunity, human sexuality, and supervised laboratory experiences.

(c) Each institution shall have written objectives for the professional education component.

(d) The professional education component shall require demonstration of competence in the following:

(1) Knowledge of the process of human growth and development, and the application of this knowledge to

(2) knowledge of major categories of exceptionality and

the application of this knowledge to teaching;

lowing occupational areas:

(A) Agribusiness, which shall consist of a sequence of studies and experiences which provide basic knowledge in agribusiness organization and management, agricultural marketing and sales, agribusiness financing, human relations in agribusiness, and technology in agribusiness;

(B) agricultural production, which shall consist of a sequence of studies and experiences which provide basic knowledge in animal science, plant science, agricultural

economics and agricultural mechanics;

(C) agricultural mechanics, which shall consist of a sequence of studies and experiences which provide basic knowledge in agricultural mechanics and agricultural economics;

(D) horticulture, which shall consist of a sequence of studies and experiences which provide basic knowledge in horticulture, agricultural economics and agronomy; or

- (E) natural resources, which shall consist of a sequence of studies and experiences which provide basic knowledge in agronomy, agricultural economics, forestry, and conservation.
- (b) Each applicant shall have completed 2000 hours of agricultural occupational experience in one or more of the following areas: agribusiness, agricultural production, agricultural mechanics, horticulture, or natural resources. The experience shall be verified by the recommending teacher education institution.

(c) Prior to July 1, 1992, any institution may request that its agricultural education program be approved under

the provisions of this regulation.

- (d) On and after July 1, 1992, any institution desiring to have an approved agricultural education program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective January 8, 1982; amended Sept. 3, 1990.)

(1) Engine parts theory and nomenclature;

(2) methods and procedures for power plant service;

(3) power train and related service procedures;

- (4) braking systems and related service procedures;
- (5) suspension systems and functions; and
- (6) malfunctions and related service procedures.

(b) Prior to July 1, 1992, any institution desiring to have an approved auto mechanics program may request that its auto mechanics program be approved under the

provisions of this regulation.

- (c) On and after July 1, 1992, any institution desiring to have an approved auto mechanics program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 3, 1990.)
- 91-1-106d. Electricity/electronics. (a) A state-approved electricity/electronics program shall consist of a course of study requiring each student to complete the requirements of S.B.R. 91-1-106a and demonstrate knowledge of:

(1) Electrical and electronic theory to sources and

circuitry;

(2) electrical and electronic symbols and standards;

(3) electrical distribution and control systems;

- (4) the use of appropriate electrical and electronic test equipment;
- (5 the operation of electronic communication systems; and

(6) electronic components and their function.

(b) Prior to July 1, 1992, any institution may request that its electricity/electronics program be approved under

the provisions of this regulation.

- (c) On and after July 1, 1992, any institution desiring to have an approved electricity/electronics program shall meet the requirements of this regulation. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 3, 1990.)
- 91-1-106e. Power and energy technology. A state-approved program in power and energy technology shall consist of course of study allowing each student to complete the requirements of S.B.R. 91-1-106a, 91-1-106c and 91-1-106d. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Sept. 3, 1990.)
